

TROPICAL NORTH QUEENSLAND INNOVATION AWARDS 2016

The newly launched 2016 Tropical North Queensland Innovation Awards (TNQiA) will recognise and reward those working innovatively across the vast and diverse Tropical North Queensland region.

We are looking for trail-blazing local entrepreneurs, creative thinkers and smart businesses who demonstrate a spirit of ingenuity and innovation.

Celebrating

PROCESSES that REINVENT, PRODUCTS that REVOLUTIONISE & IDEAS that RENEW

The awards will recognise people and businesses who are doing new things. This might be the creation of a new product or the development of a new process or service - the scope is huge!

And, because we know that some of the best ideas are still works in progress, we have Pipeline categories for products, processes and services that are still emerging and Proven categories for those ideas that are already on the market or under implementation.

CATEGORIES

- Best Pipeline Product Award
- Best Proven Product Award
- Best Pipeline Process Award
- Best Proven Process Award

BONUS AWARDS

- Eco Innovation Award
- Indigenous Innovation Award
- People's Choice Award
- Mayor's Inspire Award

WHAT'S IN IT FOR YOU?

Entering the awards is free, quick and easy and, in return, we will help get the word out about your great idea.

Award entrants will be promoted in the mainstream media as well as through all the TNQiA social media channels and on our website.

In addition, the TNQiA network will include investors, government and professional advisors who will be able to assist you in achieving your innovation goals.

The awards are free to enter and category winners will each receive a prize of \$1000 CASH plus a customised package of professional services valued at more than \$5000, to assist in further development and promotion of their innovation
