Aviation
CQUniversity’s new Aviation facility, located at Cairns International airport, provides students with a unique educational experience. With Lecturers from airline backgrounds, a location within an international airport and airline partnerships, CQUniversity’s Cairns Aviation Centre provides an exceptional aviation education and training opportunity. CQUniversity’s Cairns Aviation Centre has partnered with regional airline Hinterland Aviation, to provide the practical flight components of the Bachelor of Aviation (Commercial Pilot) course. After successfully completing the three year course, an international student will be able to obtain a Commercial Pilot Licence and a Multi-engine Command Instrument Rating. The highly integrated course combines extensive ground theory with practical flight training thus providing the very best flight education and training. Students wishing to continue their flight training have the opportunity to undertake additional flight training such as a turbine endorsement after they finish the course.
